

Our mission is to bolster Belgium's cyber security resilience by building a strong cyber security ecosystem at national level.

Supported by our strategic pillars

- Steady growth of community
- In Private, Public, Academic sectors
- Introduction of associate membership
- Community self-governance

in Belgium for cybersecurity

Operational Collaboration

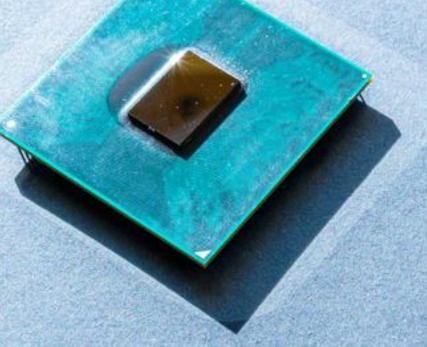

12 Focus Groups

- Tap into a 'virtual team'
- Access to best-of-breed experts
- Reliable references
- Threat intelligence shared by allies
- Sharing of 'common' assets
- Self-regulatory

- Application Security
- Awareness
- Cloud Security
- Crypto
- Cyber Incident Detection & Response
- Enterprise Security Architecture
- EU Regulations & Standardizations
- GRC
- Healthcare (vertical)
- Identity & Access Management
- OT/ICS Security
- Privacy & Data Protection

Technical focus groups

- Analyse threat intelligence & incidents
- Explore how regulations can be implemented from a technical point of view
- Can respond to the dynamics of new technologies (A.I., Machine learning, Quantum computing)
- Collaborating with technology suppliers, they can help identify and mitigate supply chain risks

Core value proposition

Policy-oriented focus groups

- Have grown in importance due to the tsunami of European regulations
- Members need more practical, implementation guidance/ best practices
- Can collectively influence national policies and regulations, ensuring they are practical and effective (dialogue with CCB)
- Focus on governance issues such as the evolving CISO role & board awareness

Strategic Pillar: Policy Recommendations

- Coalition as a sounding board for public authorities
- Exchange of implementation practices
- Actions to lift cyber security higher on the list of priorities at all governmental levels.

Strategic Pillar: Experience Sharing

Independent forum for exchange of experiences & best practices

- Connect & build the trust network through in-person & hybrid events
- Shared capability building & mutual aid
- Website enriched with tools, webcasts & podcasts
- Blog & 'Cyber Pulse' newsletter
- Podcast Cyber Talk

BEST PRACTICE

Strategic Partnership

- Strategic partnership with Centre for Cybersecurity Belgium (CCB)
- Joint awareness initiatives via Safe-on-Web
- Co-organizing/ sponsoring of events (12th EU Mitre Att&ck workshop, BE-CYBER)
- Chairing the Coalition's focus group on EU regulations & standardizations
- National Cybersecurity Coordination
 Centre Belgium (NCC-BE) has direct access to the Coalition (covering circa 80% of the Belgian ecosystem)

BE-CYBER flagship event

2024: 364 participants "Secure Belgium's Digital Future"

4th edition on 7 October 2025

Experience Sharing Events 2025

Sharing Events 2024

8 events: 775 participations

20/02/ **2025**

27/03/ **2025**

5/06/ 2025

10th Anniversary Celebration!

In-person event

Partner: TMAB

Target audience: CSC & Partners

GRC: Be Connected!

In-person event

Partner: ISACA Belgium Supported: Solvay Brussels School

Target audience: CSC & ISACA members

General Assembly 2025

Application Security Event

In-person event

Partners: SecAppDev

Target audience: CSC members & SecAppDev participants

Strategic pillar – Awareness Raising

6/03/ **2025**

21/05/ **2025**

27/11/ 2025

International Women's Day

In-person event

Organizer: **W4C Belgium** Partners: **FPS Economy, SAI**

Target audience: W4C & CSC members

Cybersec Europe VIP CISO Roundtable

In-person event

Organizer: CSC Partners: SAI, ECSO

Target audience: CISOs

25th Anniversary of the Belgian Basic Law on Cybercrime

In-person event

Organizer: FPS Justice & CSC BNP Paribas Fortis

Target audience: Academia, practitioners, industry

Strategic pillar – Awareness Raising

- Strategic partnership with CCB
- Joint awareness raising efforts increase campaign's credibility

Cybersecurity for students & children

Cross-fertilisation Shield – Cyber Security Coalition

HOW DO WE ACHIEVE THIS?

PURCHASING CENTER

- Focus group on priority themes
- Drafting specifications and framework agreements per focus (group), based on sector priorities
- Framework agreement that members can sign up for

COMMUNITY

- Members participate in focus groups that determine the content and priorities of the service catalog
- Contributing to the design of the reference architecture and its continuous improvement
- Knowledge sharing through publications and lectures
- · Social community activities

SERVICES

- Service catalog of technology and services
- Implementation and support of solutions

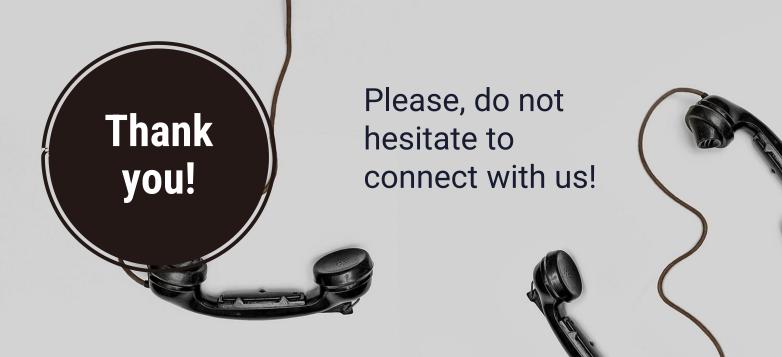

12 Focus Groups

- Tap into a 'virtual team
- Access to best-of-breed experts
- Reliable references
- Threat intelligence shared by allies
- Sharing of 'common' assets
- Self-regulatory

COALITION

- Application Security
- Awareness
- Cloud Security
- Crypto
- Cyber Incident Detection & Response
- Enterprise Security Architecture
- EU Regulations & Standardizations
- GRC
- Healthcare (vertical)
- Identity & Access Management
- OT/ICS Security
- Privacy & Data Protection
